

## MAHATMA PHULE ARTS & SCIENCE COLLEGE, PATUR

Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The institutions prepare the budget every year for maintenance and ~~up~~ keep<sup>up</sup> of the facilities. Faculty members request for the maintenance need of the department to the principal. The proposal gets sanction by the principal. The college has a maintenance committee which looks after the maintenance requirement and makes recommendation. The principal is the chairman of this committee for the ~~up~~ keep<sup>up</sup> of the infrastructure, facilities and equipment of the college, budgetary provision are made in the local management committees. The college has opted ~~outstanding~~<sup>outsourcing</sup> facility like cleaning and maintenance of college premises and toilets. Other maintenance is done by non teaching staffs (Peons). Laboratory equipment is calibrated regularly by local service provider and by teacher. If the instrument becomes unserviceable with in its service warranty period, naturally it is return to the supplier for calibration service or replacement. For the supply of water college has bore well in the campus.

Principal,
